CHATBOT

FOR STUDENTS

PURPOSE :

- The one who wanted to take admission in IIT Dharwad will get help from this.

- Existing student of IIT Dharwad will also get help from this.

Why To Use:

- Biggest advantage of using this chatbot is this contains data from so many sites which will reduce workload on user to viste diffrent sites.

- Sites like official site of IIT Dharwad, careers360.com, collegepravesh.com , Wikipedia , fresherslive.com , etc. Are resources for chatbot.

Why To Use:

- No need for going diffrent social media sites , creating account , feeling sign up forms etc. IIT dharwads official facbook page included and will open just by typing facbook. Same for youtube and twitter.

- Save your impotent data just by saying save , add etc. And your data will be automaticaly saved to our surver.

- And it is absolutly FREE.

Safety

- No one can access your saved data at any cost unless and untill your password is known.

  (Precaution : please remember your password and do not share it.)

- Your whole chat will be Private and no one including admin can see it.

- But your chat may be use for improvisation. But your identity will anonimus.

How To Use :

- Just start by hi or whatever greetings you wanted to.

- Ask questions related to faculty, students , dharwad, and IIT dharwad.

- And chatbot will try to its max to give you appropriate answer

- You can ask for your privious data also. And if it is there it will show saved result but if it is abscent it will give you chance to save it.

- With limitations It can show you images also for better experiance.

Limitations :

- For securite purpose some information is confidential and one cant access it. Hence in such cases chatbot may answer i am not suppose to tell.

- Spelling mistakes cant be autocorrected by chatbot on its own. But you can use smart keyboards to avoid such errors.

- Chatbot may or may not answer invalid query but it will definetly make it better if admin reacted on that query.

- Team phi.
